Statement of Service - Ilia Shapiro

Mr Ilia Shapiro was employed by Cubewise Pty Ltd (**Cubewise**) from 30 January 2017 to 27 January 2026.

During his employment, Mr Shapiro held the role of Web Development Consultant and subsequently Lead AI Architect and Product Owner. Mr Shapiro's employment ended by way of redundancy.

Mr Shaprio's primary duties and responsibilities included the following:

Web Development Consultant

- Design, development and implementation of web-based applications for Cubewise customers.
- Supporting sales and support work for web-based applications for TM1.
- Supporting the training and further development of other Cubewise consultants in the design, development and implementation of web-based applications.

Lead AI Architect and Product Owner

- Leading the design, strategy and execution of AI capabilities across the Apliqo UX platform.
- Evaluating and selecting appropriate models for various use cases.
- Managing the AI product roadmap - ensuring all initiatives were technically sound, user-centric and aligned with product and business strategy.
- Working in collaboration with technical leads to align on architecture, tooling and implementation standards.
- Supporting and mentoring other developers on AI implementation patterns.

Please contact me on +61 410 321 713 or bheinl@cubewise.com if you would like me to confirm the above, however, please note it is our policy not to comment beyond the terms of the statement of service.

Yours sincerely

Ben Heinl, Director

Cubewise Pty Ltd
